⚠️ you can find all videos .ks in facebook group with the other materials Codes/projects/PDFs

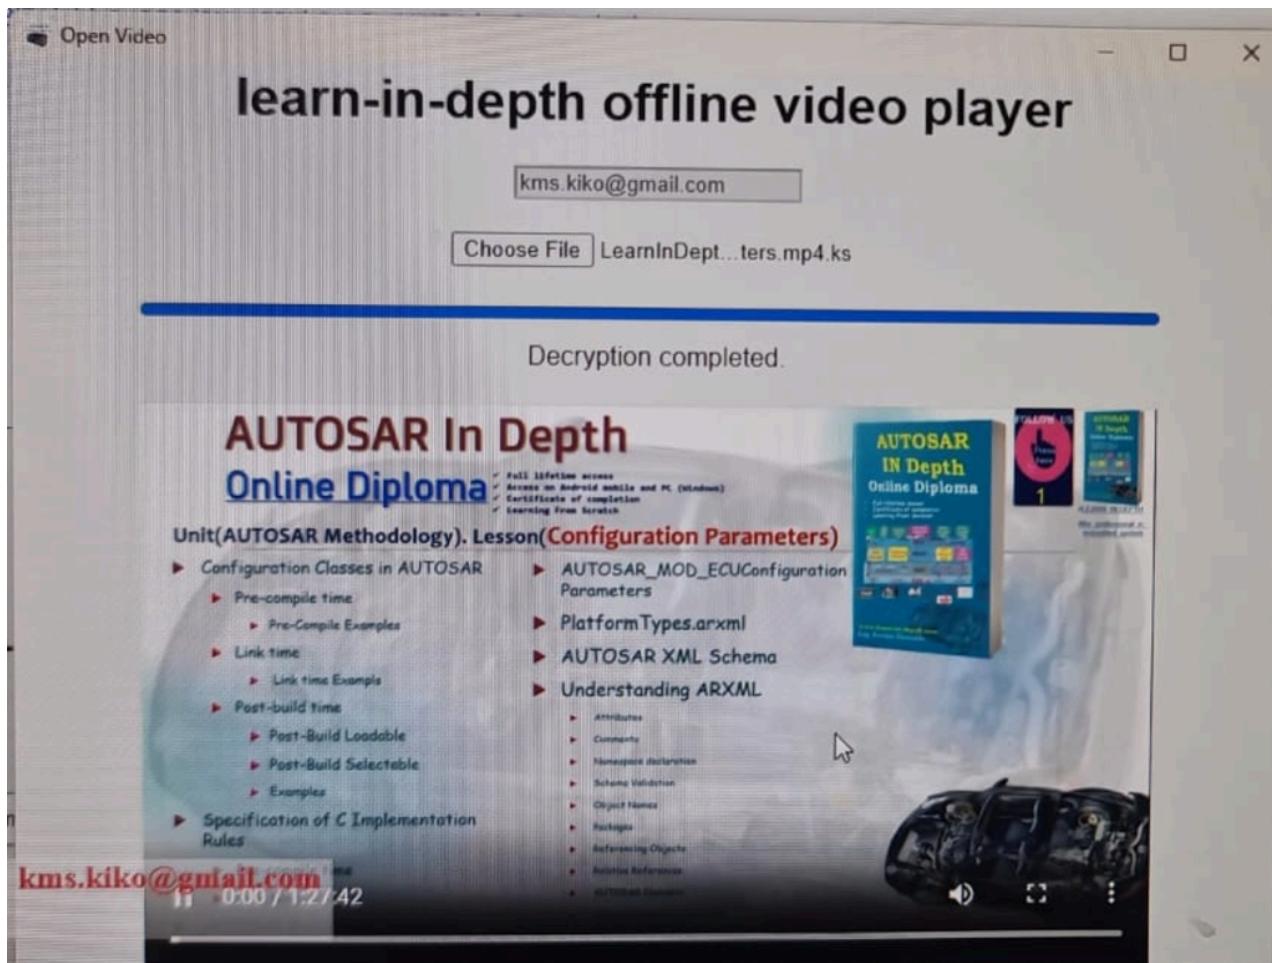

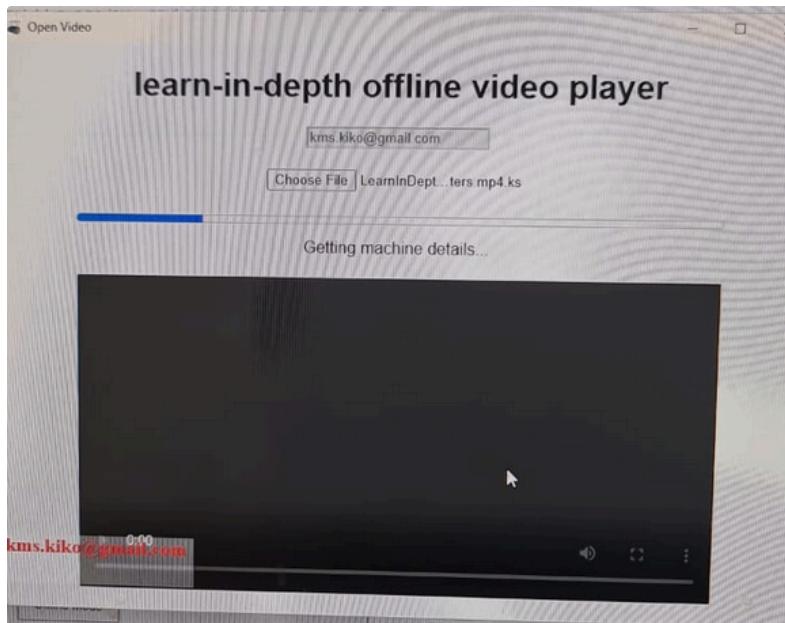

The screenshot shows a Facebook group interface. At the top, there are tabs: 'Discussion', 'Guides' (which is highlighted in teal), 'Featured', and 'Members'. Below the tabs, the group name 'Mastering Embedded System (online) > Guides' is visible. The main content area is titled 'Guides' and lists several video guides:

- GUIDE 3: Embedded C**
 - learn in Depth V7.7 Videos materials Image
 - Unit3_EMBEDDED_C_lesson1 Link ✓
 - Unit3_EMBEDDED_C_lesson 2 Image ✓
- GUIDE 4: system architect**

 - unit4_lesson1 Data Structure

On the right side of the list, there are three blue arrows pointing left, each associated with a download instruction:

- Download Videos .KS extension to watch it offline (for the first video guide)
- Download CODEs/Tools/Exams/PDFs and after you finalized your project
Reply on this post with your GITHUP repo (for the second video guide)
- Download Videos .KS extension to watch it offline (for the third video guide)

Windows Issues

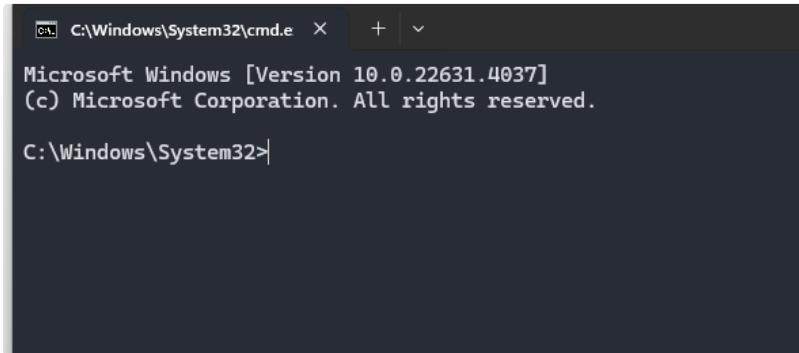

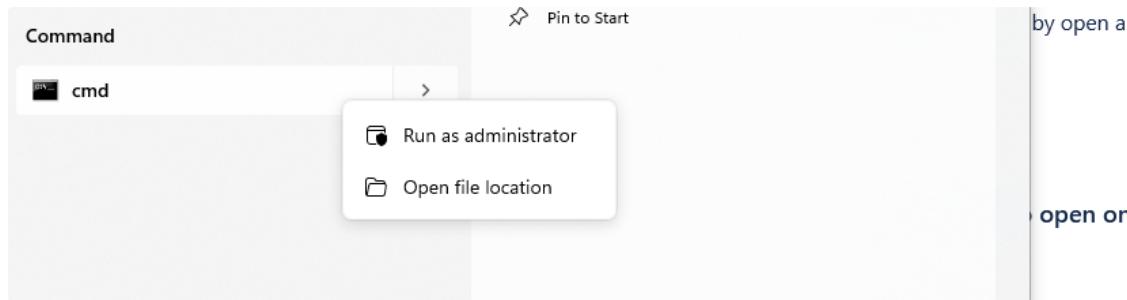

Windows Application is crashed once it is opened

Solution 1 :

try to download X32 not X64

Solution 2

run the application by open a CMD (open it as administrator)

cd "the path pf the player.exe"

then run the player inside the CMD

```
Administrator: Command Prompt
D:\learn-in-depth.v7.7-win32-x64>ls
's' is not recognized as an internal or external command,
operable program or batch file.

```

As shown in the image above, that the issue here is the app try to open port 8080 on the windows but this port is taken by another app. to solve this issue

write "netstat -ano" on cmd to get PID for the process which take this port, then go to task manger and search on this port then kill it.

Alert The main program has been closed

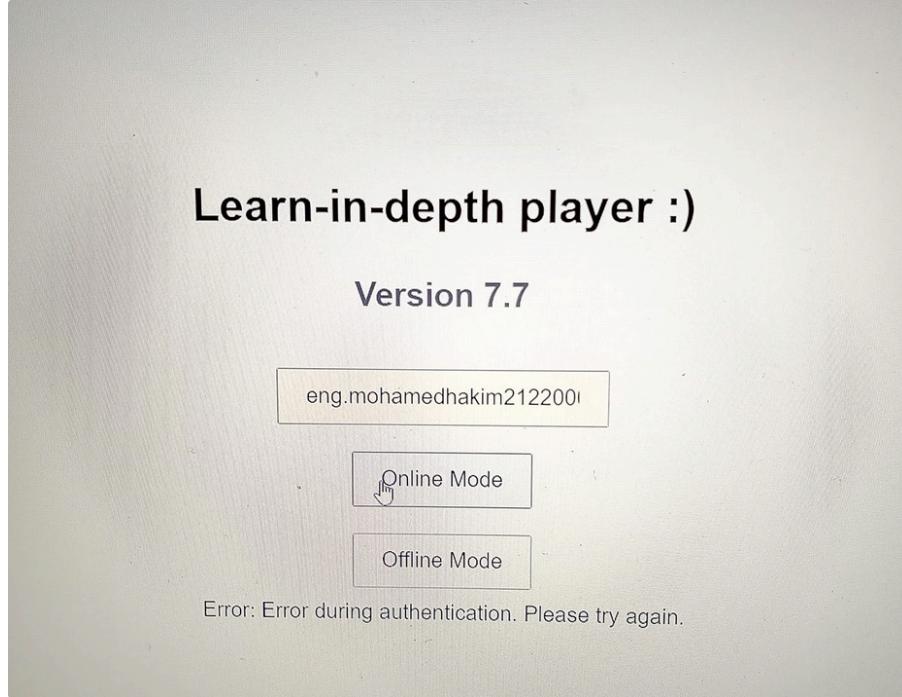

Alert

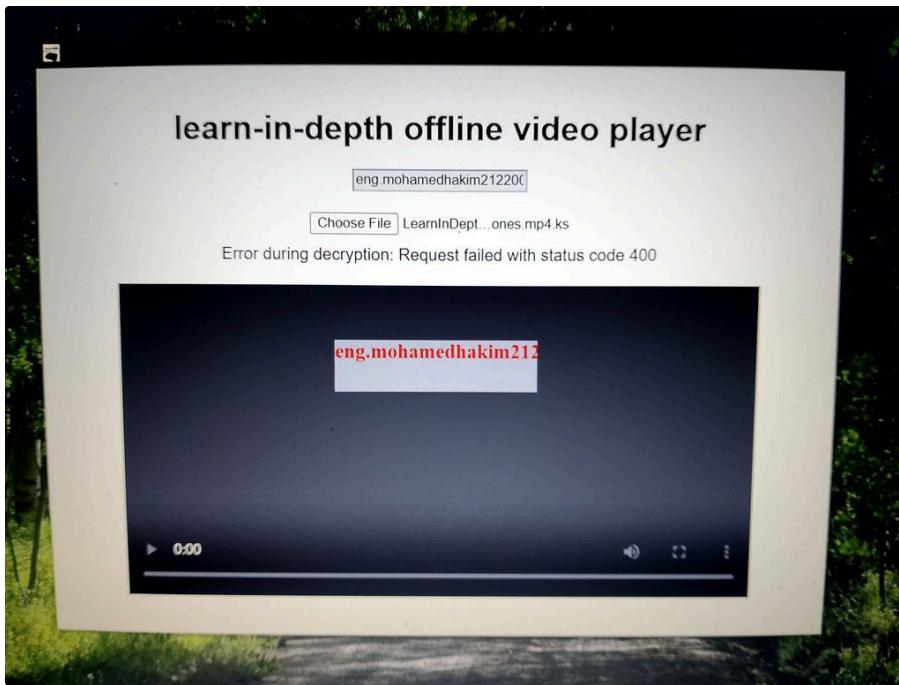

The main program has been closed because RadeonSoftware.exe is running. Please close it to continue.

OK

to solve this issue you have to open taskmanger and search on the program which is mentioned in alert
in our example case you have to end process "RadeonSoftware.exe" from task manger
as those programmers can record screen.

Error during authentication or Request failed with status code 400

to solve this issue

1. make sure that you have internet connection

enter this link

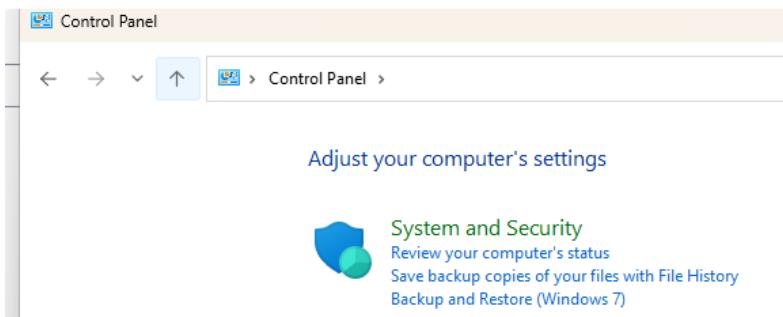

https://in-depth-academy.com/_functions/check_connection

you have to see message like

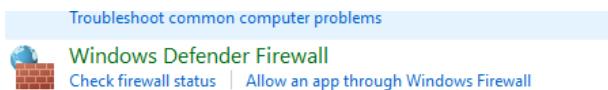

A screenshot of a JSON response viewer. The top navigation bar includes tabs for "JSON", "Raw Data", and "Headers", along with buttons for "Save", "Copy", "Collapse All", "Expand All", and "Filter JSON". The main content area displays a single key-value pair: "message: \"Connection established successfully.\"".

2. if you have connection then check firewall to be enable for your app

go to control panel

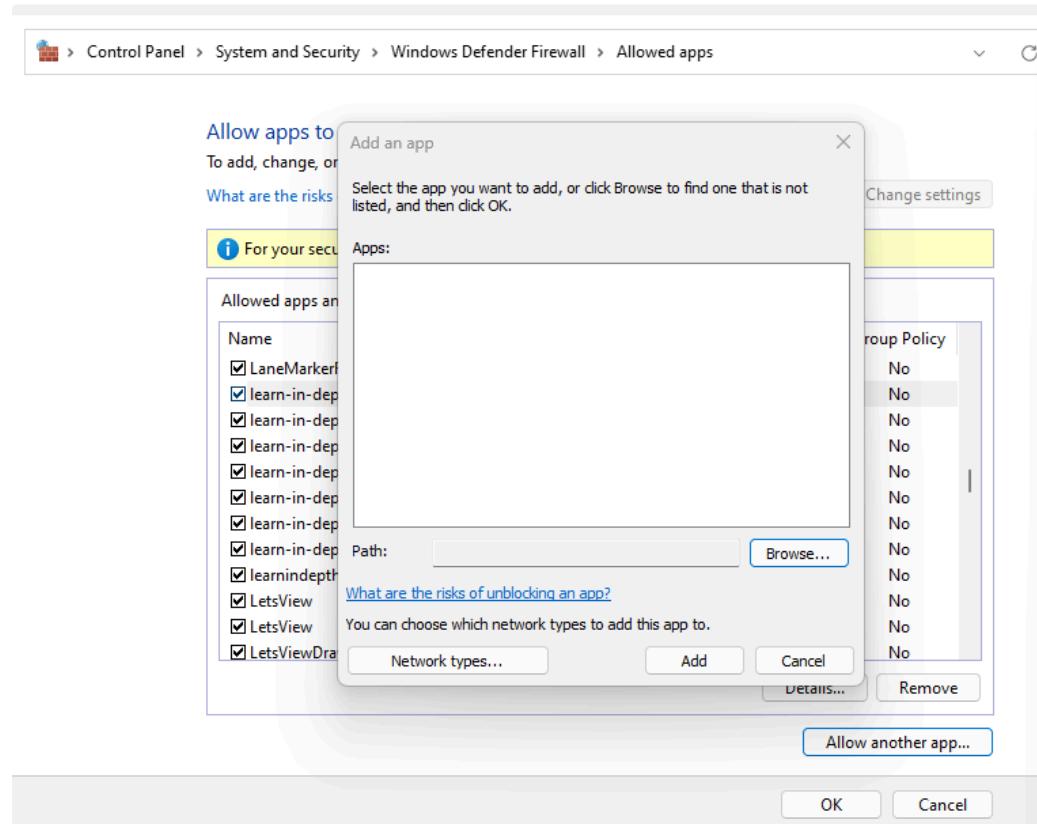

press on system and security

press on "allow an app through windows firewall"

then press the first letter of app "L" to search on it

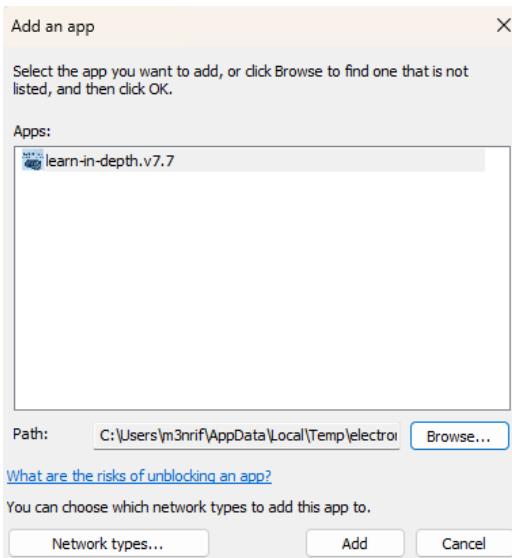

if you didn't find it then press "Allow another app"

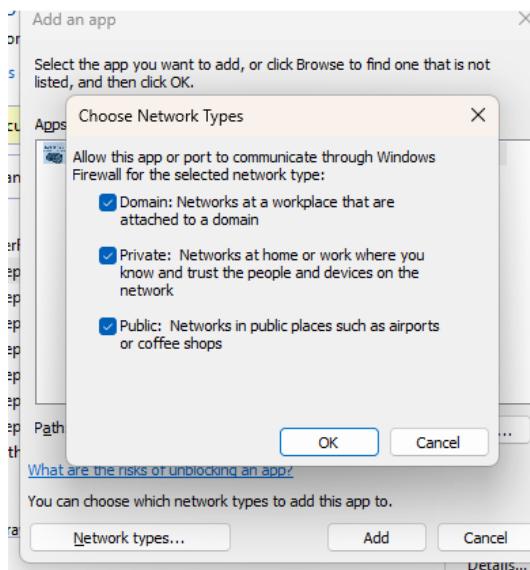

then press "Add" and choose the "learn-in-depth.v7.7.exe"

Name	Date modified	Type	Size
locales	9/5/2024 10:22 AM	File folder	
resources	9/5/2024 10:23 AM	File folder	
learn-in-depth.v7.7.exe	9/5/2024 10:23 AM	Application	173,026 KB

then press "network types"

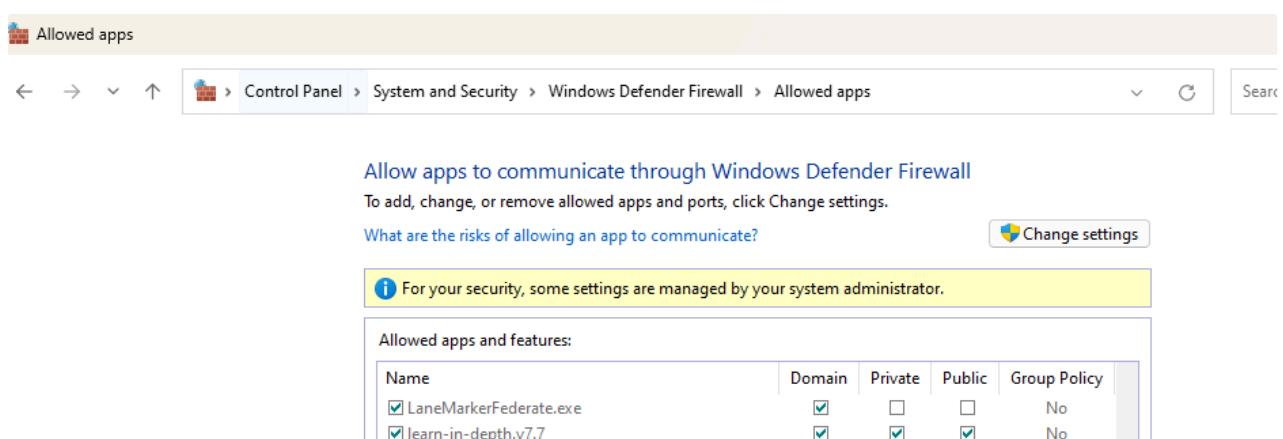

Choose all networks

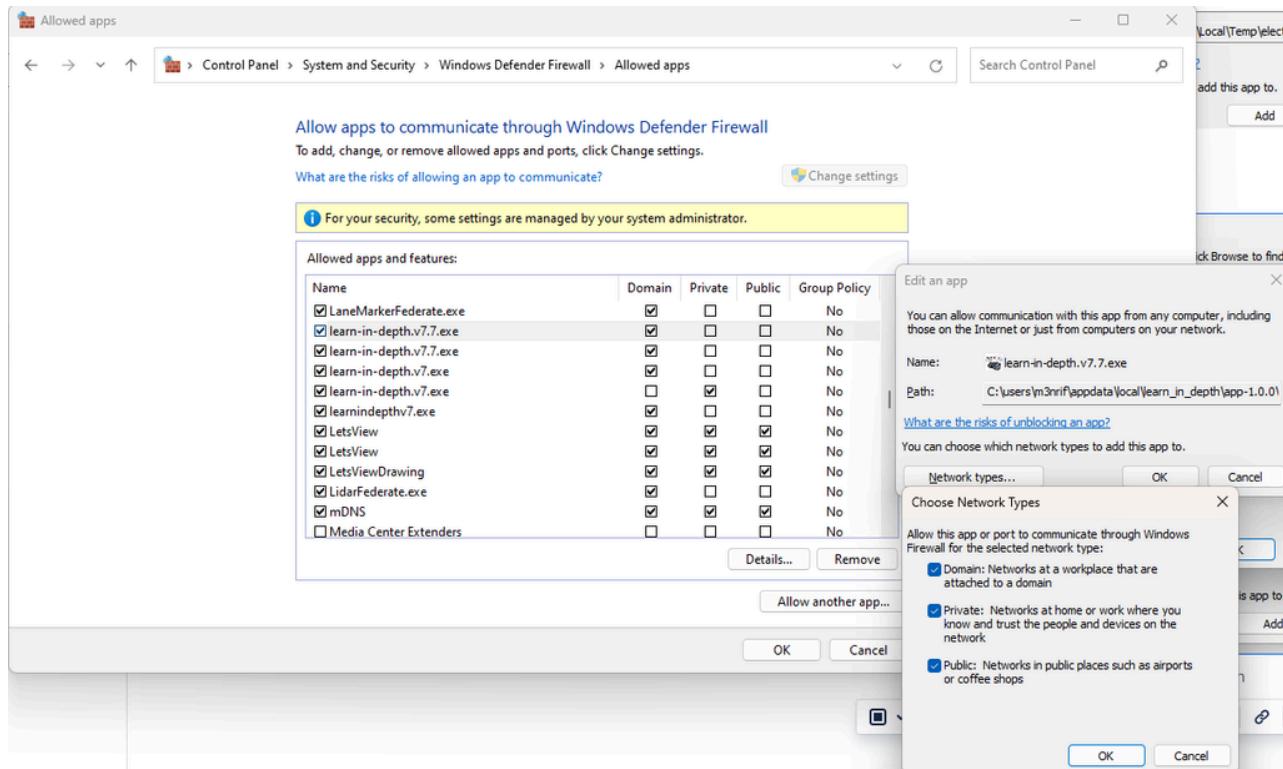

then press "ok"

then you have to see that "learn-in-depth" have a full permission in Domain Private and public

if you already find "learn in depth" in your allowed app then double click on it then press "NetworkTypes" to give it all permission

your Email dose not have access

in this case you have to make sure that you already entered your email which is already have access on Diploma google drive materials
then make sure that you enter email without spaces without capital letters

if the issue is still exist, you have to fill this form

Solution 1

make sure you are trying to open the new videos which have extension ".KS" not ".KLS"

Choose Video .KS extension

⚠ you can find all videos .ks in facebook group with the other materials Codes/projects/PDFs

The screenshot shows a Facebook group interface. At the top, there are tabs: 'Discussion', 'Guides' (which is highlighted in blue), 'Featured', and 'Members'. Below the tabs, the group name 'Mastering Embedded System (online)' is visible. Under the 'Guides' section, there is a note in Arabic: 'الهدف من المجموعات هو أنك تتمكن من ترتيب كل units cover تعلم كل topic الذي تم تضمينه لازم تسجل كل done انه بعدها يمكنك تعلم اي topic want كده انتقل معه'. Below this note, there is a link 'See 18 more ▾'. A grey arrow points from the right towards this link.
